

FLEXIBLE. RELIABLE.
YOUR CAD PARTNER.
HubEngineer

STEPS OF THE PROCESS

KICK OFF ON-SITE MEETING

3-5 days

- ⌘ On-site visit of the whole team - HubEngineer and remote designers
- ⌘ Relation building
- ⌘ Learning about your products and your needs
- ⌘ Agree upon tools for effective communication

INITIAL WEEKS

3-5 weeks

- ⌘ First project
- ⌘ High focus on fast learning and becoming part of the team
- ⌘ Frequent feedback loops
- ⌘ Extensive on-site presence of a HubEngineer

FIRST REVIEW

- ⌘ Evaluation after initial weeks with entire team
- ⌘ Discussion of what works well and what needs fine tuning
- ⌘ On-site or online

CONTINUED COLLABORATION

according to project needs

- ⌘ Implement learnings from initial weeks and first review
- ⌘ Start new project or continue previous one
- ⌘ HubEngineer leads the remote team and secures high quality and communication flow

PERIODIC VISITS

- ⌘ Regular follow-up visits of the whole team
- ⌘ Implementing improvements found during collaboration
- ⌘ Continuous relation building and keeping smooth communication
